

Crock A Doodle Pottery Painting Project Sheet

Feature Project:

Chocolate Drip

Pottery piece: Jumbo Mugs

Colours: Chocolate Moose, Black Lab, Orange Crush

How to Steps:

1. Paint the inside of the mug using a large brush and Chocolate Moose.
2. Using a large round brush, scoop up a large amount of Chocolate Moose paint. Place the brush onto the outside edge of the mug, allowing the paint to drip down. This may take a minute or two and add more paint as needed if the drips are too small. Repeat this around the entire mug.
3. Add the snowman's carrot nose using a liner brush and Orange Crush.
4. Next, add the eyes and mouth using the back of a brush and Black Lab.
5. Proudly sign your name to your masterpiece!
