

Crock A Doodle Pottery Painting Project Sheet

Feature Project:

Rolled Ornaments

Pottery piece: Jumbo Ornaments

Colours: Kermit, MASH, Rockin' Red

How to Steps:

1. On a flat clean surface, pour the Rockin' Red paint about 1" high and 10" wide. Pour the paint in squiggles and dots.
2. Next, pour the Kermit paint, and then the MASH. Be sure the colours are not on top of each other but above and below.
3. Holding the ornament at the top and bottom, roll it through the paint!
4. Be sure to only roll through once as the more you roll the more the colours will mush and blend together taking away from the feathered textures.
5. Check out our YouTube Channel for the technique video.
